

---

# 1.0 Introduction

This FEIS Volume (II) was generated in response to public comments received by the Services pertaining to the public review draft of the Tacoma Water Habitat Conservation Plan, for the Green River Water Supply Operations and Watershed Protection, dated December 1999, and the associated Draft Environmental Impact Statement (DEIS), dated January 2000.

The remaining sections of this document include:

Section 2.0	Overview of Public Comments Received
Section 3.0	General Comments and Responses
Section 4.0	Specific Comments and Responses
Section 5.0	Revised HCP Chapters 5, 6, and 8
Section 6.0	References
